HONORARY ALUMNI

Four faithful helpers to Bryan and its Alumni Association were recognized at Homecoming as Honorary Alumni.

Winnie Davey, senior postal clerk and multilith operator, has served all departments of the college in that capacity since 1968.

Patsy and Bryan Couch are Dayton residents and members of the National Advisory Council. Their recent gift to the Alumni Association is reported in the Director's Corner.

Mrs. Wilma Harrow began to work on the Bryan accounting staff in 1968-69 and returned in 1974 to continue until her retirement in 1981. She continues to assist in the college library on a volunteer basis.

For the first time in its fifty year history, the Alumni Association has received a matching challenge grant. The M K Scholarship Fund was initiated in 1979 under the leadership of Joel Pearman '72, Alumni President at that time. Although there have been projects supported by the Alumni Association such as Rudd Memorial Chapel and the new men's dormitory, this is the first time that a project started and funded solely by Bryan Alumni has received a challenge grant.

The M K Scholarship Fund has grown steadily since its inception six years ago. The first year's effort raised \$3,900; this year, \$5,800 was given to the fund by alumni.

The challenge presented to Bryan alumni is to donate at least \$10,000, or \$5,000 more than the previous two years, to the fund by June 30, 1985. The challenging foundation would then grant another \$5,000, bringing the total to \$15,000 for distribution to qualified M Ks during the 1985-1986 academic year.

In the first three months of this fiscal year, alumni have responded already by giving over \$3,000 for Bryan M Ks. This amount includes \$795 from sale receipts at the Homecoming '84 Craft Fair. This is five times more than the \$600 received through the same period last year.

More than fifty students have received benefits from the fund in its six-year history. Five graduates received benefits all four years at Bryan. Nine of the M Ks were second generation students. With the additional dollars brought in by the challenge grant, each qualified M K will receive more significant amounts of aid.

Financial support of M Ks ministers to missionaries and to missions, as well as ministering to the Lord's work at Bryan.

THE BRAZILIAD

With Apologies to Mr. Homer and Miss Dactylic Hexameter)

By Herman Shakespeare

Found in an old Greek Attic and translated by R. M. Cornelius

Tell me, O Muse, of the man who engaged in such mission'ry service:
He who was born in Brazil and grew up speaking English and Spanish.
Then he returned to Brazil after going to Bryan and Dallas.
(This jumbled order required by an epic's in medias res term.)
Rosy-lipped Ida Lou came on the scene, and he married her promptly.
Then to the tribe of the brown Apurinas they journeyed together.
Next came a master's at Dallas and daughters named Candace and Karis.
Added to tribal work soon were administ'ring jobs full and varied.
North to Toronto to study linguistics and finish a doc'trate;
Granted Brazilian citizenship in addition to U.S.;
Opened a door to encourage Brazilians to reach their own people;
Going BEYOND in cross-cultural outreach, he helped lead in ALEM;
Publishing, also, his Discourse Analysis went to a reprint;
Greater sales marked his Identity of the New Testament Text and
Stirred many waters of concern and scholarship yet to be smoothed.
Thus, we do honor on this windy hilltop the year of George Orwell--
Strong-minded, purposeful, servant named Wilbur, the son of the
Pickering's.

Wilbur Pickering '56 was selected Alumnus of the Year by the Executive Committee of the Alumni Association because of his outstanding missionary service for a period of 25 years.

Having been born of missionary parents in Sao Paulo, Brazil, and then taken to Bolivia, he gained valuable insights into missionary life and language. His birth in Brazil provided citizenship privileges which were a distinct advantage to him in his present position, and the early training he received in the Spanish language provided a good background for his learning Portuguese when he went to Brazil as a missionary.

Wilbur and his wife, Ida Lou, serve with Wycliffe Bible Translators. After their early work with an Indian tribal group, Wilbur was given administrative responsibilities for the Wycliffe branch in Brazil. His present activity is centered mainly in challenging Christians among the 10,000,000 evangelicals to reach indigenous people (Indians) of their country with the Gospel in their native languages.
